billion people to scale up action to leave no one behind who's fourteenth general programme of work 2025-2028. GPW 14 has an explicit and strong commitment to equity in support of this who has released a handbook with methods for the identification of barriers to effective coverage with health services. The 8-module handbook applies mixed-method research approaches grounded in the Tanahashi framework for effective coverage to focus on barriers experienced by potential users and non-users of health services. The handbook facilitates the capturing of evidence on the interface between the population and the services. The handbook has four objectives: 1. To orient national authorities and partners on key concepts, definitions, frameworks, and principles relevant to barriers assessments; 2. To build the capacity of national authorities and partners to design a research plan and apply diverse methods (e.g. informant interviews, literature reviews, quantitative analysis, and focus groups) in barriers assessments; 3. To provide guidance for reporting on barrier assessment findings in a clear and actionable manner and convening key stakeholders to deliberate next steps; 4. To adapt the methods for humanitarian contexts, accounting for the need for differentiated approaches.
