the film factory provides a comprehensive documentary history of russian and soviet cinema it provokes a major reassessment of conventional western understanding of soviet cinema based on extensive research and in original translation the documents selected illustrate both the aesthetic and political development of russian and soviet cinema from its beginnings as a fairground novelty in 1896 to its emergence as a mass medium of entertainment and propaganda on the eve of world war ii

this volume presents a double argumentative analysis of the debate between bertrand russell and frederick copleston on the existence of god it includes an introduction justifying the choice of text and describing the historical and philosophical background of the debate it also provides a transcript of the debate based in part on the original recording the argumentative analyses occupy parts i and ii of the book in part i the argumentative process is analysed by means of the ideal model of critical discussion the workhorse of pragma dialectics part i shows how the two parties go through the four stages of a critical discussion it highlights the questions raised over and beyond the presiding question of whether god exists and examines almost a hundred questions that are raised many are left in the air whereas a few others give rise to sundry sub discussions or meta dialogues in part ii the theoretical framework of argument dialectic is put to work argument structures are identified by means of punctuation marks argumentative connectors and operators allowing to see the argumentative exchange as the collaborative construction of a macro argument such a macro argument is both a joint product of the arguers and a complex structure representing the dialectical relationships between the individual arguments combined in it finally the complementarity of the two approaches is addressed thus the book can be described as an exercise in adversarial collaboration
