Colby Pierre Pestieau Pierre Pestieau Peter Gordon Saunders Martin Hewitt Dale Dannefer Roosevelt Wright*

an introduction to the current debates about the future direction of welfare reform on both sides of the atlantic the first part outlines a range of different perspectives on welfare and shows how each of these perspectives rests upon a different assumption about the role and purpose of welfare policy and a different understanding of human nature and motivation some of these perspectives see the primary role of

welfare as to reduce inequalities while others see the central objective as the reduction of welfare dependency the second part shows how the current debates in Britain and the United States are informed by these perspectives and argues that debates about inequality and dependency are not mutually exclusive but address different dimensions of the same problem in all this text should be valuable reading for courses in social policy health and social welfare as well as those with a political and wider interest in welfare reform

evaluating the welfare state social and political perspectives together with its companion social policy evaluation an economic perspective is the outgrowth of an international and interdisciplinary conference on policy evaluation held at Tel Aviv University in December 1980 the conference brought together scholars from the fields of economics sociology political science social work and administration the papers presented at this conference approached the welfare state and social policy evaluation from a number of different theoretical and methodological perspectives a selection of these papers has been included in this volume the book is divided into five parts part i is devoted to the political antecedents and consequences of the welfare state and to the social and psychological processes that affect the development of social policies and reactions to them part ii analyzes the discontinuity between policies that are the subject of public debate and the programs that affect the well being of populations and the distribution of resources the chapters in parts iii and iv present current developments in the practice of evaluation and explore the frontiers of this field part v focuses on the relationship of evaluation to policymaking this involves examinations of the culture of political debates the nature of choices facing policymakers and the impact of research on policy

New Perspectives on the Welfare State offers an appraisal of comparative social policy and applies it to our current uncertainties concerning European communities and European North American and East Asian relationships

written by internationally renowned author and scholar James Midgley *Social Welfare for a Global Era* provides a comprehensive framework for examining social welfare from a global perspective drawing on a large body of literature and his own extensive knowledge of the field Dr Midgley offers students scholars and practitioners an up to date account of the complex ways social well being is enhanced in the global era including the major welfare institutions that provide a cultural context for social welfare policy and practice

a common belief is that the european welfare states are in a position of crisis or heading towards one with the process of globalization removing any hopes of eventual worldwide welfare this book challenges this assumption arguing that a proper understanding of the future role of the welfare state requires a broader social perspective that encompasses the interaction of economic political and social processes the future of the welfare state provides an interdisciplinary analysis of the practical and theoretical challenges which the welfare state and progress towards world welfare can and must meet in the future

policy analysts from nine industrialized nations trace common trends in the way social welfare programs are adapting to political and economic tensions

social scientists and philosophers alike have explored well being and happiness well being has been described as the ultimate dependent variable in social science well being is an overall concept that includes a variety of aspects of satisfaction and health and refers to both global and context specific evaluations of one s life however well being is elusive for historically marginalized communities such as the lesbian gay and bisexual lgb community one aspect of well being is finding meaningful employment where we are treated with dignity and respect employment discrimination against lesbian gay and bisexual workers remains a significant problem worldwide this book begins with a discussion on the well being of sexual minority workers it also provides an analysis of theoretical and empirical social choices safety net reconstruction government preferences import tariffs and social welfare and an analysis of the second generation safety nets in africa

this book offers an account of the performance of the welfare state in the european union and explores its future prospects in an ever evolving setting the objectives of the welfare state are twofold to relieve poverty and to provide a sense of security for everyone

although in europe there continues to be a large degree of consensus that it is the responsibility of government to ensure that nobody who is poor sick disabled unemployed or old is left deprived there are mounting calls to roll back spending on the welfare state it is argued that it fails to achieve its main objectives that it is responsible for a decline in economic performance and that it was conceived in a very different period and is therefore not adapted to modern realities this second edition of the welfare state in europe economic and social perspectives provides an informed analysis of the key criticisms of the welfare state and examines the prospects of this system in an increasingly

integrated world it answers important questions regarding the current social situation of european countries the performance of the welfare states and the reforms that should be undertaken it calls for fundamental changes in social policies in order to address the rising inequality that hampers social cohesion in europe now focused on europe in its entirety and including a new chapter on long term care this new edition of an integral text on the welfare state places increased focus on social divisions and the populist vote to provide a balanced and up to date analysis of the performance of current systems

over the past few decades the welfare state has been under increasing pressure rapid social and economic change has left many people dependent on social institutions while deteriorating economic prospects have led to calls to cut welfare expenditure this book introduces key concepts in the welfare state debate and questions the arguments for further cutbacks it examines the role nature and effects of the welfare state in contemporary society the links between the welfare state and the economy particularly in australia in the 1990s the success of the australian welfare state in achieving its aims of improving economic equality and social cohesion these issues are considered in the light of the experiences of comparable countries able to offer lessons to australia written by economists in clear language the book makes an important contribution to the discussion of social issues

this work explores the concept of the welfare state and the various perspectives that different political and sociological schools of thought have put upon it the conclusion attempts to draw a realistic formula for today s society and its needs

this sage handbook integrates basic research on social dimensions of aging it presents programmatic applications of research in areas not often seen in handbooks including imprisonment technology and aging urban society aged and elderly migration the authors constitute a who s who of international gerontology and the focus on globalization and aging is unique among handbooks today this handbook should be in the library of every social gerontologist vern l bengtson professor of gerontology university of southern california this volume reflects the emergence of ageing as a global concern including chapters by international scholars from asia australasia europe and north america it provides a comprehensive overview of key trends and issues in the field drawing upon the full range of social science disciplines the handbook is organized into five parts each exploring different aspects of research into social aspects of ageing disciplinary overviews

summaries of findings from key disciplinary areas within social gerontology social relationships and social differences explores area like social inequality gender religion inter generational ties social networks and friendships individual characteristics and change in later life examines different aspects of individual aging including self and identity cognitive processes and bio social interactions and their impact on physical and psychological aging comparative perspectives and cultural innovations topics include ageing and development ageing in a global context migration and cross cultural perspectives on grandparenthood policy issues covering policy concerns such as long term care technology and older people end of life issues work and retirement and the politics of old age this will be essential reading for all students researchers and policy makers concerned with the major issues influencing the lives of older people across the globe
